

Blanke•Self-Adhesive Transition Profile

Brass • Stainless steel

The Blanke•Self-Adhesive Transition Profile is easy to apply and adheres to many different surface types including ceramic, wood, vinyl and commercial grade carpet. Because the Blanke•Self-Adhesive Transition Profile goes in after both adjoining surfaces are installed, it is ideal for renovations where the ceramic tile is already in place.

Brass; polished

Length 8.0 feet

Pack: 10 pieces
