

#### Important notes:

BLANKE PERMATOP BF is only suitable for earth-moist screeds, not for liquid screeds.

Suitable accessories for BLANKE PERMATOP BF are listed on page 86.

## BLANKE PERMATOP BF

Consisting of a studded panel made of pressure-resistant polystyrene, BLANKE PERMATOP BF is a special installation panel for surface heating and cooling systems in combination with standard, earth-moist screeds; it serves to accommodate the highly flexible heating pipes BLANKE PIPE 14 and BLANKE PIPE 16. Both of the system's PE-RT heating pipes have a laminated oxygen barrier layer (EVOH) on the inside, which protects it from damage. The tried-and-trusted BLANKE PERMAT decoupling mat rounds off this system.

### BLANKE BF BASE

#### STUDDED SCREED SUPPORT PANEL BASIC FLOOR

Usable dimension: 140×80 cm, Useful floor area: 1.12 m<sup>2</sup>

Panel dimension: 145×85 cm, Material thickness: 1.0 mm

Total height: 20 mm

PU: 1 carton

	Art. no.	€/m <sup>2</sup>
1 carton with 12 panels = 13.44 m <sup>2</sup>	680-906	15.12

#### Important note:

Suitable accessories for BLANKE PERMATOP BF+ are listed on page 86.

## NEW BLANKE PERMATOP BF+

Consisting of a studded panel made of pressure-resistant polystyrene including 10 mm thermal insulation (WLG 035), BLANKE PERMATOP BF+ is a special installation panel for surface heating and cooling systems in combination with standard screeds; it serves to accommodate the highly flexible heating pipes BLANKE PIPE 14 and BLANKE PIPE 16. Both of the system's PE-RT heating pipes have a laminated oxygen barrier layer (EVOH) on the inside, which protects it from damage. The tried-and-trusted BLANKE PERMAT decoupling mat rounds off this system.

### BLANKE BF+ BASE

#### STUDDED SCREED SUPPORT PANEL BASIC FLOOR PLUS

Usable dimension: 140×80 cm, Useful floor area: 1.12 m<sup>2</sup>

Panel dimension: 145×85 cm, Material thickness: 0.6 mm

Total height: 31 mm

PU: 1 carton

	Art. no.	€/m <sup>2</sup>
1 carton with 13 panels = 14.56 m <sup>2</sup>	671-906	18.95

### BLANKE FILLOTHERM

#### FAST CURING FREE-FLOWING CEMENT MORTAR FOR BLANKE PERMATOP BF+ AND BFC

PU: 1 bag with 25 kg

Art. no.	€/kg
674-900	1.34
